

18.721 ALGEBRAIC GEOMETRY**BIBLIOGRAPHY**

This is a long list. You won't need to consult all of these books.

Commutative algebra

- Atiyah, M. F. and MacDonald, I. G., *Introduction to Commutative Algebra*, Addison-Wesley 1969.
Eisenbud, D., *Commutative Algebra with a view toward algebraic geometry*, Springer 1995.

Algebraic curves

- Fischer, G., *Plane Algebraic Curves*, Stud. Math. Lib. 15, AMS 2001.
Fulton, W., *Algebraic Curves*, Benjamin 1969.
Kirwan, F., *Complex algebraic curves*, LMS Stud. Texts 23, Cambridge 1992.

Classical algebraic geometry

- Harris, J., *Algebraic Geometry, a first course*, Springer 1995.
Mumford, D., *Algebraic geometry I*, Classics in Math. Springer 1995.
Semple, J. G. and Roth, L., *Introduction to Algebraic Geometry*, Oxford, 1985.
Shafarevich, I. R., *Basic Algebraic Geometery I*, 2nd ed, Springer 1994.
Smith, K. E. et al, *An Invitation to Algebraic Geometry*, Springer 2000.

General algebraic geometry

- Bouscaren, E., *Model theory and algebraic geometry*, LNM 1696, Springer 1998.
Bump, D., *Algebraic geometry*, World Scientific 1998.
Cox, D., Little, J, and O'Shea, D., *Using algebraic geometry*, GTM 185, Springer 2005.
Eisenbud, D. and Harris, J., *The geometry of schemes*, GTM 197 Springer 2000.
Hartshorne, R., *Algebraic Geometry*, Springer 1977.
